Tour 1 to the beautiful Wai Chaek beach with the fresh water creek

Dear Guests,

To make your stay with us as comfortable and attractive as possible, we have described the most beautiful and interesting spots in the area around our resort .

1. Lighthouse in the Bay of Salak Phet

When you leave our resort, after about one kilometer, we see on the right hand side a long pier stretching out in the bay of Salak Phet, at the end of the pier from a lighthouse you have a magnificent view around. From this Pier the dive and tour boat takes our guests to the islands for dive and snorkel excursions (pick from the resort will be arranged)

2. The Wai Chaek beach with the fresh water Creeck

After about 200 meters behind the large pier on the left is an asphalt road. The entrance is marked with a large blue sign with the number " 10157 "and a small house . This road was built a few years ago to connect the Salak Phet Bay with the Bang Bao bay on the west side of the island. The road could not be completed because of the steep hill behind the Wai Chaek beach. Now this road gives us the possibility to visit the beautiful and unspoiled beach of Wai Chaek. On foot you have to expect a one to two hours walk through the Forrest. If you go with a scooter it is of course much faster.

After leaving the main road it is initially more than a kilometer uphill. After reaching the top you go downhill until you come to a stream. On this stream the bridge was washed away , but

you can walk over the remaining remnants of the bridge to the other side. The scooter must be parked here as it can not pass the remains of the bridge. After passing the bridge, walk about one hundred meters and turn left a small path to the beach.

You can also reach to the beach by walking back about 50 meters than turn left. Follow this path until you reach the stream again. Depending on rainfall in the days before you can wade through the stream and then after a short distance meet the same path as described previously (After the rainy season you might be able to drive with the scooter all the way to the beach.

The Wai Chaek Beach is one of the most beautiful beaches of Koh Chang. At the eastern end of the beach a fresh water a creek flows over a sand bank into the sea and offers the possibility to take a bath.
